Applicant

CHOI, Hyung Rack

1. The applicant is hereby notified that International Preliminary Examining Authority transmits here with the international preliminary examination report and its annexes, if any, established on the international application.
2. A copy of the report and its annexes, if any, is being transmitted to the International Bureau for communication to all the elected Offices.
3. Where required by any of the elected Offices, the International Bureau will prepare an English translation of the report (but not of any annexes) and will transmit such translation to those Offices.

4. REMINDER

The applicant must enter the national phase before each elected office by performing certain acts (filing translations and paying national fees) within 30 months from the priority date (or later in some Offices) (Article 39(1)) (see also the reminder sent by the International Bureau with Form PCT/IB/301).

Where a translation of the international application must be furnished to an elected Office, that translation must contain a translation of any annexes to the international preliminary examination report. It is the applicant's responsibility to prepare and furnish such translation directly to each elected Office concerned.

For further details in the applicable time limits and requirements of the elected Offices, see Volume II of the PCT Applicant's Guide.

V. Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement**1. Statement**

Novelty (N)	Claims	1-8	YES
	Claims	NONE	NO
Inventive step (IS)	Claims	2-4, 6-8	YES
	Claims	1, 5	NO
Industrial applicability (IA)	Claims	1-8	YES
	Claims	NONE	NO

2. Citations and explanations (Rule 70.7)

Reference is made to the following document:

D : KR 2000-0038706 A

1) Novelty

The present invention is considered to have novelty according to PCT Article 33(2).

2) Inventive Step

Claims 1 and 5 of the present invention relate to a system and method for downloading remote control data using the internet. They are not considered to have an inventive step according to PCT Article 33(3).

Corresponding to an interface unit which transmits and receives remote-controller data to and from a server unit via the internet described in the above claims; a temporary storage space; and a control unit, D discloses a communication interface unit for downloading a remote-controller code for being updated from a particular site through internet or PC communication, memory, and a micro control unit.

In addition, Claims 1 and 5 of the present invention relate to a billing settlement system, and a remote control code transmitting system wherein selected data is transmitted to a remote controller in a wired or wireless manner. However, compared to D, it is considered to be a simple design change for a skilled person. Therefore, compared to the components of D, the above claims are obvious to a person skilled in the art.

3) Industrial Applicability

The present invention is considered to be industrially applicable according to PCT Article 33(4).
